

CAPACITY BUILDING PROGRAM FOR MIDWIFERY FACULTY

Module 2- Simulation training and skill update

Organized by Indian Nursing Council & UNFPA

The module 2 of the capacity building program for the midwifery faculty focused on simulation training and skills update was launched last year and 3 batches have been completed. The details of the training for this year are given below.

- Training objective:** The capacity building program prepares faculty to
- Enhance the teaching and training skills of the faculty with special focus on simulation.
 - Update their skills on selected, vital midwifery procedures based on the government of India guidelines.
- Training Highlights:**
- Practical sessions on Simulation, experiential learning, reflective learning, scenario based learning, OSCE
 - Hands on Midwifery skill training including BEmOC procedures.
- Duration:** **5 days**
- Venue:** National Reference Simulation Centre, SGT University, Gurugram.
- Training dates :** 07.02.2022 to 11.02.2022
21.03.2022 to 25.03.2022
18.04.2022 to 22.04.2022
10.05.2022 to 14.05.2022
20.06.2022 to 24.06.2022
04.07.2022 to 08.07.2022
01.08.2022 to 05.08.2022
05.09.2022 to 09.09.2022
31.10.2022 to 04.11.2022
28.11.2022 to 02.12.2022
19.12.2022 to 23.12.2022
- Participants:** **Midwifery Faculty** who have **successfully completed the virtual capacity building program.**
- Certification:** Certificate of completion with **25 CNE credit hours** will be provided to participants who successfully complete the training.
- Training fee:** **Rs. 25,000/-** (includes training fee, boarding and lodging, **excluding travel**)
Training fee is **sponsored** by UNFPA/INC for **one faculty** form an institution.
More faculties from an institution can be sponsored by their own institution.

Interested faculty can send the details along with the request from the institution to training.inc-mohfw@gov.in at the earliest. Maximum number of participants is **30** in each batch.

Together let us work for quality midwifery education, aiming at providing competent midwifery care and thereby reduce maternal and neonatal mortality and morbidity in the country.
