F.No. 22-224/NSDC/2023-24-INC

Dated: 22 FEB 2024

Kind Attention of all registered nurses & midwives

Indian Nursing Council has signed a MOU with NSDC International (part of India's largest skill development eco-system) to support Indian Nurses to get promising international employment opportunities in destination countries like the UK, US, Australia, Canada, Germany, Singapore, GCC Countries, etc. through several joint initiatives and programs. Both organizations acknowledge the importance of designing a robust system of skilling Nurses from India to enhance overseas migration outcomes.

NSDC International is receiving huge job demands for Nursing professionals from several reputed employers across the globe and further aims to connect Indian Nurses to grab these international opportunities to shape their careers. To understand the aspirations, eligibility, and readiness of the Nurses, NSDCI have created a **short survey** through which they are aiming to get relevant information about the nurses to support further in connecting them directly with international employers or preparing them for international jobs. Indian Nursing Council encourage you to fill out this short questionnaire, which takes about 7-8 minutes, so that NSDCI can understand the profile better. All the responses and personal information will be kept confidential. link for survey is as under:-
